Cross Stitch and Beading Instructions

DMC and Caron Waterlilies are stitched with two strands. Caron Waterlilies are stitched as a full cross stitch before moving on to the next stitch. Kreinik is stitched with one strand. Smaller symbols indicate quarter stitches (located around backstitching).

Beads are attached with two strands of matching floss, using a half cross stitch. You may use one strand of YLI Wonder Invisible Thread. For best results use a #10 beading needle. The stitched heart in the center of the dress can be replaced with Mill Hill 13042 or another treasure of your choosing.
